# PAINTING TECHNOLOGY

## Paint Materials

We are using Nippon Paints which is the number 1 automotive paint manufacturer in Asia, and among the leading paint manufacturers of the world.

## Paint Process

- SURFACE PREPARATION
- UNDERCOAT
- TOPCOAT
- TOPCOAT CLEAR
- POLISHING

## Paint Technology

CyGlaz Technology : We use Nippon's - Nax Premila 2K which is the complete premium quality refinish system for your car. Its flagship topcoat clear, Nax Crystal 9905, gives armour-like protection and a high-gloss mirror shine thanks to their innovative CyGlaz technology.

# ABOUT AZAD

**AZAD** 4x4  
ENERGISE YOUR RIDE

Journey started way back in 1957 for Azad, and today the Group has over six decades of heritage crossing many milestones of useful and meaningful experiences. Azad 4x4, a group company of the Azad Group, focusing purely on Customisation and Modification of 4x4 and related Adventure vehicles.

The Isuzu DMax Vcross is a capable machine targeting such enthusiast with a liking for an adventurous lifestyle, with practicality and utility thrown in, in equal measure. With its twin cab layout, the Dmax Vcross has space to seat five in its standard cabin, with a generous loading bay in the back to lug anything from farm produce, livestock, household goods or the entire load of your adventure gear along with a couple of bicycles thrown in.

If you've bought yourself an Isuzu D-Max, chances are that you've already thought about customising it. In case you've made up your mind, look no further than Azad4x4, a one stop solution for all your modifying needs. Azad4x4 is an extension of the Azad Group who is engaged in Automobile Engineering for over 5 decades. Azad 4x4 specialises in customisation and modification of 4x4 (and related) vehicles like Mahindra Thar, Maruti Gypsy, Renault Duster, Tata Xenon, Mahindra Scorpio Getaway and of course, the Isuzu D-Max.

With its professionally set up manufacturing plant in Delhi (NCR) with highly skilled manpower and its perpetual effort to serve the best to the customer, it aspires to be the market leader in 4x4 customisation and modification.

**ISUZU D-Max Vcross** Given the vehicle performance, off-roading capability and comforts, Isuzu Dmax Vcross has already set in the trend for High-end Pick-up truck market in India, and it is also a great success in other South east Asian countries. There are whole lot of options available to make use of your generous loading deck apart from other accessories.

## Go Ahead and Energise Your Ride

**Canopies** Creates ample boot space and thus ideal for heavy luggage loading / Pets transportation / Camping goods / or you may even opt for our Tourismo kit and make it a luxurious Go-Anywhere Home on Wheels.

We also offer Customised Metal Canopies for different applications specially suitable for S-Cab.

**Lid Boxes** Whole lot of options to choose for your lid covers – Either opt for a Sleek OEM Style D-Box or go for our most sold Sports Box with its stunning Sporty looks with broader side muscle. For flat lids maintaining the Truck looks you may opt for either Top-Up lids with 180 degree opening capabilities or go for our economical SX Flat Lid. Roller Shutters, 3-folds and Soft lids are other options if you may have a need for opening up of the covers for an additional space.

**Suspension Upgrades and Off-roading products** Off-roading Bumpers, Shockers, High Lift Kits, Snorkels, Underbody Protection kits, Tow bars etc.

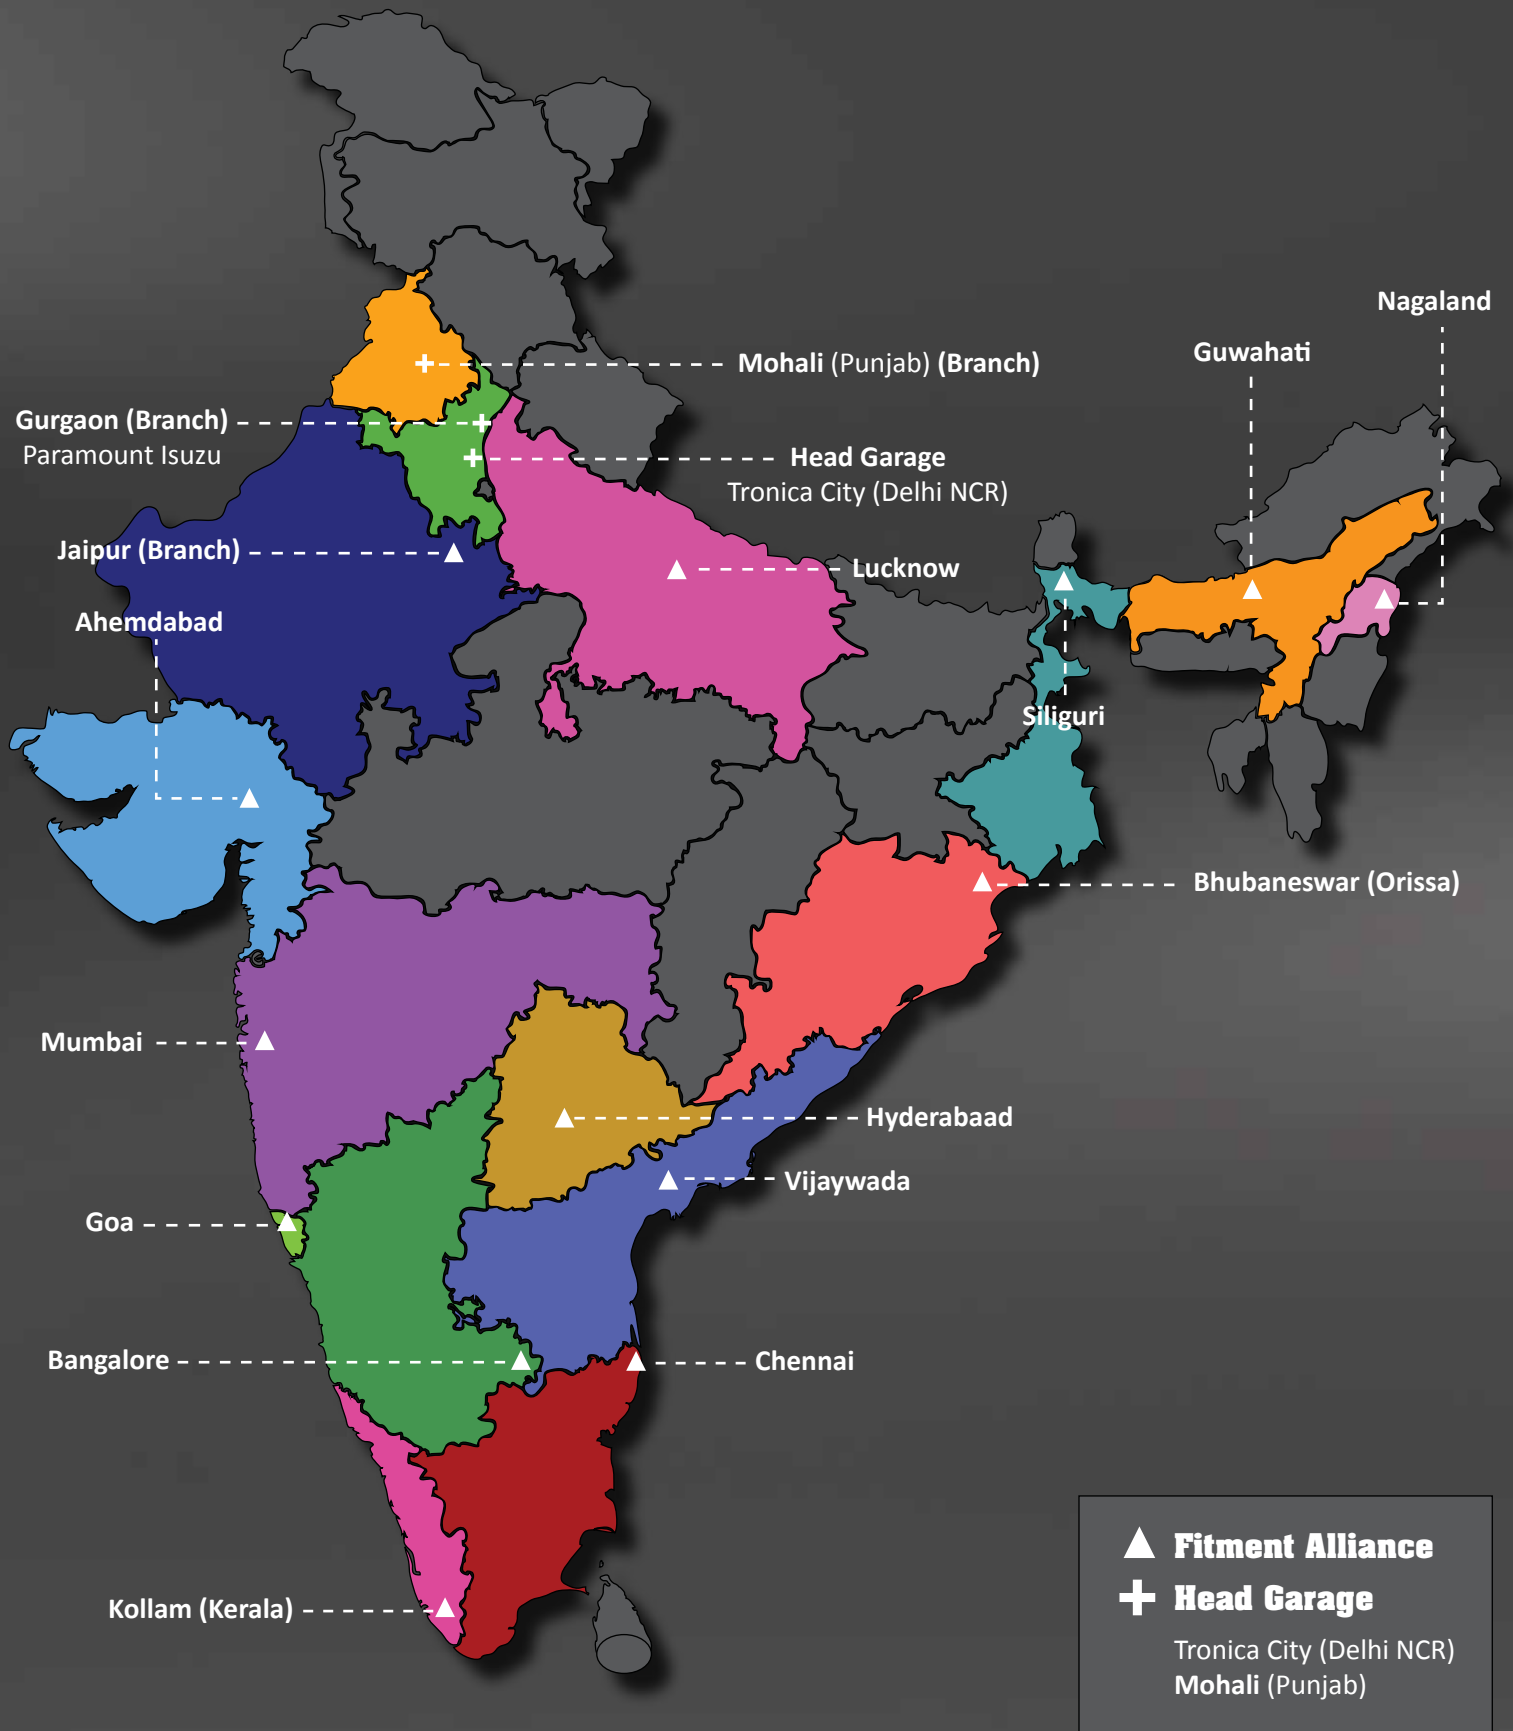

**Body Kits** For Styling up your Dmax like Fender flares, Door claddings, Sports Body kits and more.

**Accessories** Seat Covers, Floor mats, Bumper Guards, Side steps, Bedliners, T-Steps, Easy tail gate movement, Chrome add-ons, Door & Bonnet visors, Rear camera, Cross bars, Decals, Logos and the list does not end.

**High Lift Kits and Shockers** 6" and 2" High lift with Shockers for the Monster look and feel.

**Lights** Variety of Fog Lamps, DRLs, Light Bars, Head Lamps / Tail lamps and other lights to choose from.
